DOCKET NO. 80-251-E - ORDER NO. 85-752

August 30, 1985

IN RE: Small Power Production and Co-)	
generation Facilities Implemen-)	ORDER
tation of Section 210 of the)	DENYING
Public Utility Regulatory Policies)		RECONSIDERATION
Act of 1978.)	

This matter comes before the Public Service Commission of South Carolina ("the Commission") by way of a request filed on August 19, 1985 on behalf of Clifton Power Corporation and Southeastern Hydro-Power, Inc. (Clifton) for reconsideration of a certain portion of Order No. 85-347 issued on August 2, 1985.

Clifton asserts that the Commission should reconsider the rates approved by the Commission for Duke Power Company which were calculated upon 1985 cost data. Clifton requests that the Commission consider adjusting Duke Power Company's rate to reflect 1986 costs.

Based upon our thorough review of the matters asserted in Clifton's request, the Commission is of the opinion that its findings as to the rates approved for the electric utilities, including Duke Power Company in Order No. 85-347 are fully supported in law, logic, and fact and should not be modified or vacated.

Therefore, the Commission is of the opinion, and so finds, that the relief sought in the request should be denied. In the final analysis, the assertions as to the rates for Duke Power

Company set forth in the request assert differences of opinion with the Commission, not justifiable grounds for reconsideration.

IT IS THEREFORE ORDERED:

1. That the relief requested by Clifton for reconsideration of a certain portion of Order No. 85-347, be, and hereby is, denied.

2. That the provisions of Order No. 85-347 shall remain in full force and effect as originally promulgated.

3. That this Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman
